Dear Parents/Guardians, Friends and Students of SAC,

It is with much pleasure that I welcome you to the 2015 school year.

In a special way I welcome the many new families who have joined our school community. I hope that all of our new students will soon experience the true meaning of Mercy hospitality, and begin to feel at home at St Aloysius College. I am sure that they will soon discover the many rich experiences which SAC has to offer them both within and outside of the regular curriculum.

Welcome to New and Returning Staff
We are pleased to welcome Laura Flynn, Rosa Frezza, Rachel Gould, Suzanne Grist, Sharon Hill, Lucy Newton, Tenielle Nuske, Pamela Alexopoulos, Nicole Russell, Amy Manser, Isabelle Smith and Mary Stovell to the staff of SAC.

Holiday Works
During the break, extensive work has been carried out around the College. An upgrade of the Reception and Year 11 classrooms has provided much brighter learning spaces, as well as interactive screens throughout the classrooms. All families are welcome to take a closer look at these facilities at our Open Day on Monday 2 March.

The first SAC Newsletter is an opportune time to remind parents of the importance of good communication between the College and parents.

We communicate with you regularly via the newsletter which is available every fortnight, usually on a Friday (apart from this first edition), from our website: www.sac.sa.edu.au

May you and your family enjoy a very happy and successful year at St Aloysius College.

Ms Paddy McEvoy
PRINCIPAL
Volunteers Needed

The SAC Canteen is a service provided for the children and is run by SAC staff, but is unable to run efficiently without the help of our wonderful volunteers.

If you would like to assist in the Canteen (even if only once a term), please contact the SAC Office on 8217 3200. Your assistance will be greatly appreciated.

Ms Anne-Marie Thiele
CANTEEN MANAGER
We welcome the new students and staff joining us this year and hope that your time at St Aloysius College is enjoyable, fulfilling and rewarding.

Outstanding Year 12 Results

I will give more details in the next SAC Newsletter on the achievements of the ‘Class of 2014’, but I would like to let you know that they have continued the tradition of academic excellence at St Aloysius College.

Congratulations to the Dux of 2014 Hariti Saluja who achieved an Australian Tertiary Admission Rank (ATAR) of 99.45; this is a fantastic, well-deserved result. Every eligible SAC student successfully achieved their SACE (100%) and we offer a special congratulations to all of last year’s Year 12 students. Our students received a total of fourteen (14) Merit Certificates. St Aloysius College will hold a special assembly to recognise the outstanding results of these students and to hear from them about the factors that contributed to their success. Merit Certificate winners will receive their certificate in a ceremony at Government House.

Over thirty percent (30.8%) of our Year 12 students achieved an ATAR placing them in the top 10% of all Australian students. Eighty two percent (82%) of all grades achieved by our students were A or B grades. Details of tertiary applications will be provided in the next SAC Newsletter.

‘Meet the Teacher’ Evening for Reception to Year 8 Parents

You will receive a letter about the ‘Meet the Teacher’ evening on Monday 2 February from 7:00pm to 8:15pm. This is an opportunity for Reception to Year 8 parents to meet their daughter’s Home Class teacher in their classroom and to hear about the year’s program and special features.

Student and Family Information Sheets

To ensure that we have the latest student and family information details, particularly emergency contact information and who to contact in the case of an accident, it is very important that we keep this information up to date. In the first few weeks of Term 1 you will be issued with a copy of the information we currently hold in our computer system. It is important that you check this information very carefully, make amendments as needed and then return it promptly to us.

Security and Visitors Badges

St Aloysius College, in line with many other schools and businesses, requires all people coming onto the school property during the school day to first report to the SAC Office in the main foyer to sign in and to wear a visitor’s badge whilst on the school property. This procedure operates from 8:45am to 3:00pm. During the school day it is usually only possible to enter the property through the Wakefield Street doors. If you are in the school grounds without a badge you will (hopefully) be approached and asked to immediately report to the SAC Office. Please do not try to rush past the SAC Office desk without getting a visitor’s badge, even if the staff are a little busy, as the safety of students is very important to us and unidentified strangers pose a serious threat to everyone. Whilst we are sorry if this practice inconveniences parents and visitors coming to the school, we hope you will understand our reasons for implementing this procedure - the safety of our students.

I hope that this is a successful year for all of our students and their families and I look forward to meeting parents at the various events in this first term.

Mr John Konopka
DEPUTY PRINCIPAL (ADMIN)
Welcome to the 2015 school year, particularly to the families who are new to St Aloysius College. Beginning a new year is tinged with enthusiasm and a little trepidation. The new academic year offers possibilities, new challenges and the development of increasing skills and understandings. The students who embrace the opportunities that are offered, who see challenges in a positive light and who willingly and resolutely approach their learning journey are the ones who will achieve satisfaction and growth.

The student diary is an important tool for communication between school and home, as well as a place to record homework and due dates for assignments. Teachers will check the diary on a regular basis and we ask you to check and sign the diary at least once a week. The diary is a study planner to help students develop their organisational skills so decorations and personal information, such as friends’ birthdays, are not appropriate.

Homework is an essential part of the study program at St Aloysius College. It helps to develop learning patterns, reinforces class learning, develops study skills and provides time for revision, reading and completion of ongoing assignments. Students are required to complete homework set by their teachers. Teachers are also very conscious of the many demands on students. Homework should not deny students the opportunity to spend time with their family, friends or engage in other interests. However, students need to develop the ability to incorporate homework into their lives in a balanced way. Homework is entered in the diary, thus providing a record for both students and parents. A note from parents is needed in the diary if students have been unable to complete homework.

The times that follow give an indication of homework times:

- Year 6 and 7 students are generally expected to spend about one hour on homework each day from Monday to Thursday inclusive. Homework tasks may involve a range of activities, including reading. A home reading program is encouraged for all students in the Primary years.
- Homework at Year 8 and 9 would total about one hour, averaging three or four subjects per night in most cases.
- Homework at Year 10 would, in most cases, total about one and a half hours, averaging three or four subjects per night.
- Homework in Years 11 and 12 is governed by the requirements of individual subjects. Students would be expected to program a total of about two to three hours of homework per day.

If an assignment cannot be completed by the due date then the extension request form at the back of the diary should be used. This applies to students from Year 6 to 12. Students should request an extension at least 24 hours prior to the due date and a parent signature is required. Teachers understand that difficulties can arise but the use of the diary proforma helps to develop each student’s individual commitment and responsibility. Students in Year 11 and 12 are required to follow the SACE Board summative task extension policy if they are unable to meet a particular deadline for a summative task.

If you have any questions about the curriculum at any time, please don’t hesitate to contact me at the College.

Ms Marian Elliott
DEPUTY PRINCIPAL (CURRICULUM)

If you would like your daughter to attend Out of School Hours Care (OSHC) we ask that you make a booking by telephoning the SAC Office on 8217 3200 by 1:30pm on the day your daughter requires use of the facility. Similarly, if you wish to cancel a permanent booking you must contact the school, otherwise usual fees will apply. Advance bookings/cancellations can be made at any time.

NOTE: For child safety reasons, bookings and cancellations CANNOT be made by email.

Please note that parents intending to use the OSHC service are required to complete an OSHC enrolment form, available from the SAC Office.

7. An old shirt or overall is useful for Art lessons.

Lockers & Locks  
Students in the Secondary school and most Primary students are provided with a locker and must use it to store their personal possessions. Food or drink must not be stored overnight in the locker. Students must keep their locker locked when not accessing it. Only combination locks purchased from SAC are to be used on lockers.

House Colours  
St Anne - Purple  
St Clare - White  
St Margaret - Yellow  
St Teresa - Green
Last year we conducted extensive consultation with staff, students and parents, including via the annual community survey, in regard to our mobile phone policy. We are also aware of the development of other communication devices and needed to update the policy in line with these technologies and capabilities. There was an overwhelming view that students should be permitted to carry their mobile phone in their pocket, provided it was on silent or turned off during lessons, unless otherwise permitted by the teacher. Responsible use of the device is always required and breaches fall under our general behaviour management policy.

Following this consultation, I am pleased to publish below our new policy in regard to mobile phones and other communication devices. Thank you to everyone who contributed to the consultation process.

Mobile Phones and Other Communication Devices Policy

The term 'mobile phone' includes all devices capable of making a voice call, a video call or connecting to the internet.

Mobile phones, when used appropriately, offer students and their parents many advantages in terms of ease of communication and a sense of personal safety. Mobile phones also have the capacity to have a negative impact on the learning environment and the safety and well-being of students.

During lesson times mobile phones must only be used with the explicit permission of the teacher. Until permission is given, the mobile phone must be locked in a locker or be in the student’s pocket and must not be brought out until the teacher has given permission. Permission to use a phone during a lesson is only valid whilst that teacher is supervising the student.

At all times during the school day the phone shall be on silent for calls, messages and all other notifications. Mobile phones may be used before school, after school, recess and lunch if used appropriately. Recess and lunch are valuable times for socialising with other students, so time on the mobile phone should not be excessive. Reception to Year 6 students are not permitted to use their mobile phone at recess or lunch.

Mobile phones must not be used to bully, intimidate or otherwise harass other people through any text message, photographic, video or other data transfer system.

Students must not lend their phone to another student.

St Aloysius College takes no responsibility for the theft and/or damage of student mobile phones or electronic devices.

Permission to bring a mobile phone to school and/or use it during the school day may be revoked by the Principal or a Deputy Principal. Parents will be informed of any such action.

The procedures applying to the inappropriate use and security of mobile phones apply equally to the inappropriate use of tablets, laptops, portable computer games, mp3 players, iPods and similar devices.

Students are not permitted to charge their mobile phone, laptop or any other electrical device at school. Electrical charging cables can be a trip factor for students and electrical cables brought into the school are not checked each time, nor electrically tested or tagged re safety.

Students are not encouraged to phone their parents during the day. Students need to work out friendship and relational issues with others and develop their social skills as part of growing up. If there is a problem with a student's interaction with someone else, the staff will follow school procedures. Staff will investigate any concerns and involve parents when it is appropriate. Students need to manage their workloads and deadlines and talk with their teacher if they have a problem meeting a deadline.

Headphones

Headphones may only be worn in lesson time if the teacher has given permission. If a student has permission to wear headphones at a particular time, social manners require the student to remove the headphones from the ears when talking with someone, even if the headphones have a pass-through feature.

Cameras

A camera (still or video), whether a standalone camera or a camera incorporated in a phone or any other device, must not be used:

- in private areas such as changing rooms or toilets or in any other banned area;
- to film people, including students, staff or visitors, without their explicit knowledge and permission;
- to disrupt the learning environment or interfere with the operation of the school;
- when the student is instructed not to by a staff member;
- to record (by audio or image) any conversation or incident such as an altercation;
- to record (by audio or image) any lesson unless the teacher has given explicit permission;
- during tests or examinations. During a test or examination the teacher may require students to hand up their phone or to lock it in their locker.

Parents need to be aware of the following in regard to mobile phones:

- Students can access non filtered websites via their mobile phones;
- Mobile phones and other communication devices can be used for cyber bullying;
- Students are encouraged to protect their phone or device by using a PIN;
- If a student is using data from their device's data plan, rather than the wifi connection or a school device, parents run the risk of unexpected costs if the data plan usage limit is exceeded;
- Mobile phones and other communication devices can interfere with sleep. It is strongly recommended that parents do not permit their children to have a mobile phone, laptop or tablet in their bedroom whilst sleeping. Text messages, phone calls and social networking communication can be highly disruptive to sleep and the child cannot be easily monitored for disturbing or upsetting reactions to communications received.
